

TALEM, INC.

06/15/90 14:30

Summary Report

Customer: Roadbond Service Co.

Lab Reference No.: 1705

Sample Id: EN- 06/12/90

Summary Table

Corrosivity (mm/yr)

| | |
|----------------|------|
| 350:1 dilution | 5.65 |
| rinse 1 | 2.19 |
| rinse 2 | 0.12 |
| rinse 3 | 0.34 |
| Total | 2.08 |

Results for individual tests are based on a 2 hour test as per customer request. Total corrosivity for entire test is calculated based on the 8 hours involved in total test

By Definition contained in EPA 1110, samples with corrosivity of <6.34 mm/yr are non-corrosive.

**EN products are non-corrosive by
EPA standards in the recommended
diluted mixture**
