

COMMONWEALTH OF PENNSYLVANIA
STATE CONSERVATION COMMISSION

January 26, 2011

Steven Merritt
Roadbond Service Company
P.O. Box 549
Tolar, TX 76476

Mr. Merritt,

This letter is to notify you that the State Conservation Commission (Commission) has reviewed the product submission for Roadbond EN-1. The product review was conducted by the Commission, in cooperation with the Center for Dirt and Gravel Road Studies at Penn State University,

The Commission finds that Roadbond EN-1 as submitted is in compliance with the Dirt and Gravel Road Maintenance Program's criteria for eligibility in the program. Based on this determination Roadbond EN-1 is now eligible for purchase with Dirt and Gravel Road maintenance Program Funds.

The Commission's determination that Roadbond EN-1 are in compliance with the Dirt and Gravel Road Maintenance Program's criteria in based on data submitted by Roadbond Service Company. Any changes of the product formulation, processing, manufacturing or any other change or modification of the product or its composition will make this determination null and void.

Please note that the determination of the Commission that this product meets the Dirt and Gravel Road Maintenance Program's current product eligibility criteria does not imply or express a guarantee or warranty by the Commission as to the performance or efficacy of this product. Any such guarantee, warranty or claim of performance or efficacy is the sole responsibility of the product manufacturer.

Sincerely

A handwritten signature in cursive script that reads "Karen L. Ely".

Karen L. Ely
Dirt and Gravel Road Maintenance Program Coordinator
